

**IOM/ EAR SEDMIN programme
donates equipment to open a
health care laboratory in the
medical school of Veliko Ropotovo**

Opening in the medical school in village of
Veliko Ropotovo Kamenicë/a Municipality

On 11 November 2005 the secondary medical school of Veliko Ropotovo, municipality of Kamenica, organised a ceremony to celebrate the opening of a health care laboratory financed by the IOM/EAR SEDMIN programme. The donation included specific equipment for practical medical education.

The Director of the school, Ljiljana Krstic and the Coordinator of the Faculty of Philosophy, Slobodan Kostic expressed their gratitude to the IOM and the EAR for the valuable and continuous contribution on behalf of the members of minority communities in Kosovo.

The SEDMIN Programme aims to provide a better community environment and to develop a better-educated workforce by donating equipment and providing technical assistance thus encouraging members of ethnic minorities to remain in Kosovo.
